

Let's Get Wild

Buckcherry

(Oh yeah, let's get wild)

I feel like going out tonight
I got some money 'cause I just got paid
This time I'm gonna get it right
So tell your mama that you're gonna be late

I know that you know this feeling
The feeling like you're high
And something's in the air this evening
'Cause everything feels right
Everything feels right!

Let's get wild
'Cause I need it
Pure adrenaline straight to my core
Feel the power
Am I dreaming?
Ain't no limit, go and give me some more, more, more
Let's get wild

There's always someone playing games
Try and tell you how to live your life
It's like I'm trapped inside a cage
It's time to go and we can make it right

I ain't ever gonna give in
And I will take my time
Get out of the box I hid in
'Cause now I feel alive
Now I feel alive

Let's get wild
'Cause I need it
Pure adrenaline straight to my core
Feel the power
Am I dreaming?
Ain't no limit, go and give me some more, more, more
Let's get wild

(Talk to me, Stevie)
(Give me some, yeah)

I think everybody wants to get wild

I tell you what I'm gonna gain
A wild child coming to play

Let's get wild
'Cause I need it
Pure adrenaline straight to my core
Feel the power (Feel the power)
Am I dreaming? (Am I dreaming?)
Ain't no limit, go and give me some more, more, more

Let's get wild (Let's get wild)
'Cause I need it ('Cause I need it)

Pure adrenaline straight to my core
Feel the power (Feel the power)
Am I dreaming? (Am I dreaming?)
Ain't no limit, go and give me some more, more, more
Let's get wild (Let's get wild)
Let's get wild (Let's get wild)
Let's get wild
