

# Shine Your Light

Buckcherry

There was something going on today  
I had to call, it's been so long  
I think you know you got a hold on me  
But inside me there's so much more to see

Do you believe? (Do you believe?)  
What's gonna set you free? (Set you free)  
Just turn the key (turn the key)

Left for dead, out of sight  
What you said, it brought me back to life

(Shine your light)  
I'm comin' with you, I'm comin' with you  
You can shine your light on me  
And we can break through, we can break through  
You can see what I don't see  
And I don't wanna cry, I just wanna fly  
'Cause I finally feel alive  
Shine your light

We can figure out a time and place  
Nothing's wrong, my head is strong  
I wanna see us talkin' face-to-face  
You can trust me and take this time to breathe (time to breathe)

Do you believe? (Do you believe?)  
What's gonna set you free? (Set you free)  
Just turn the key (just turn the key)

The time is now, fly so high  
Don't look down, leave the past behind

(Shine your light)  
I'm comin' with you, I'm comin' with you  
You can shine your light on me  
And we can break through, we can break through  
You can see what I don't see  
And I don't wanna cry, I just wanna fly  
'Cause I finally feel alive  
Shine your light

Now I'm left here feelin' like I finally found the key  
Let's go

(Shine your light)  
I'm comin' with you, I'm comin' with you  
You can shine your light on me  
And we can break through, we can break through  
You can see what I don't see  
I don't wanna cry, I just wanna fly  
'Cause I finally feel alive  
Shine your light  
Shine your light  
Let's go
