

The Hunger

Buckcherry

Dance with me baby, put me in a trance
'Cause my heart belongs to you
I've been dreaming all night looking in your eyes
Thinkin' 'bout all that we can do

Oh baby, so tired of waiting
I want you

I'm dealing with the hunger, baby
Every time when I get close to you
I'm feelin' so good, you drive me crazy
I think that you should know the truth

Rockin' so hard every single day
Sometimes it's hard for me to choose
About when to let go, tell me what you know
I bet you thought the whole thing through

Oh baby, so tired of waiting
I want you

I'm dealing with the hunger, baby
Every time when I get close to you
I'm feelin' so good, you drive me crazy
I think that you should know the truth
I'm dealing with the hunger, baby
You and I, wild on the loose
Watchin' you move, it feels amazing
I think that you should know the truth

Now I'm falling so hard and this is what matters
Coming on strong, you're just what I'm after
Looking forward to the weekend
But you know what you've been thinkin'
Running through life and keeping my head strong
I see you workin' hard, you know it's a turn-on
Tell me now, how are you feeling?
'Cause baby I just wanna sit here and listen to you

I'm dealing with the hunger, baby
Every time when I get close to you
I'm feelin' so good, you drive me crazy
I think that you should know the truth
I'm dealing with the hunger, baby (Baby)
You and I, wild on the loose
(You and I, wild on the loose)
Watchin' you move, it feels amazing (Feels amazing, baby)
I think that you should know the truth
