Bucks Fizz

I guess that I've been spending too much time
Chasing after rainbows
But now I've got to leave them all behind
Hidden in the shadows
I know that these things happen every day
But not to me, at least that's what I always used to say

10, 9, 8, 7, 6, 5, 4
You made it clear, I know the score
10, 9, 8, 7, 6, 5, 4
You don't have to show me to the door

You gave me lots of chances to get out
But I was so slow
And now there's only one thing left in doubt
How to make the pain go
I must've been so stupid not to see
You were being kind, when you wanted to be free

10, 9, 8, 7, 6, 5, 4
You made it clear, I know the score
10, 9, 8, 7, 6, 5, 4
You don't have to show me to the door

Don't ask me to be your friend
Don't ask it's got to be the end
The end of all we had together
The end, 'cause it just won't get better
We've said it all before

10, 9, 8, 7, 6, 5, 4
You made it clear, I know the score
10, 9, 8, 7, 6, 5, 4
You don't have to show me to the door

Show me the door
We've been through this, we've said it all before
Don't know how to take it anymore
I don't love you like before
