

Don't Think You're Fooling Me

Bucks Fizz

One more mistake that I know I'm gonna make
When I call you up and then I ask "How are you?"
You say it's fine, but you're stringing me a line
If I'm out of sight, I'm out of mind, I know that

Til now it's been a mystery
That everybody knows about but me

Don't think you're fooling
I know there's someone with you
Don't think you're fooling
You know that I can see true
And now that I've found
That someone's been around
Don't think you're fooling me, yeah

What can I say when I know you cheat this way
But I'll find you out, you see your eyes can't hide it
You know it's wrong, and yet still you don't let on
So you tell a lie and carry on deceiving

I'm not so sure that you know who
Would ever ever take on life with you

Don't think you're fooling
I know there's someone with you
Don't think you're fooling
You know that I can see true
And now that I've found
That someone's been around
Don't think you're fooling me, yeah

Don't think you're fooling
I know there's someone with you
Don't think you're fooling
You know that I can see true
And now that I've found
That someone's been around
Don't think you're fooling me, yeah

And now that I've found
That someone's been around
Don't think you're fooling me, yeah
