

# I Do It All For You

Bucks Fizz

Key in the lock, what's your line?  
I can hear your senses working overtime  
Face in the glass, light behind  
Seems I've been avoiding what is hard to find  
I'm not getting through to you  
But all I ever wanted to do I do for you

My love I do it all for you  
My love and if you only knew  
Words sound the same  
Change I can't explain to you  
My love and if you only knew  
My love I do it all for you  
I do it all for you  
I do it all for you

Change of life, remember my name  
Out of touch but really I still feel the same  
Checking to see I'm not that kind  
Funny how I always fall between the lines  
I'm not getting through to you  
But all I ever wanted to do I do for you

My love I do it all for you  
My love and if you only knew  
Words sound the same  
Change I can't explain to you  
My love and if you only knew  
My love I do it all for you  
I do it all for you  
I do it all for you

I'm going through my notes  
In a little black book (don't say a word)  
I can see that I've overlooked (Haven't you heard)  
The time it took to say the only words I know  
When you give me love I can't let go (can't let go)

My love I do it all for you
