

# Invisible

Bucks Fizz

It's invisible  
Love is invisible  
Metaphysical  
And physical  
Love is invisible  
Love is invisible  
Love is...

Each night  
When there's nobody there  
There's a light  
But you don't know from where  
Feelings seem to arrive and disappear  
You say you're looking for love  
How will you know when it's here?

It's invisible  
Love is invisible  
Metaphysical  
And physical  
Love is invisible  
Love is invisible  
Love is...

In your mind, as it hides in your heart  
'Til the time when it tears you apart  
Sometimes something is wrong  
You can't explain (you can't explain)  
Just when you think love is gone  
It comes along again

It's invisible  
Love is invisible  
Metaphysical  
And physical  
Love is invisible  
Love is invisible

And in your mind, as it hides in your heart  
'Til the time when it tears you apart

It's invisible  
Love is invisible  
Metaphysical  
And physical  
Love is invisible  
Love is invisible
