

Redneck In The White House

Buddy Brown

I had a dream the other night I wanna share
Our President wore Wrangler Jeans and had a pair
Barbecued brisket right out there on the White House lawn
Foreign relations from a fishin' boat at dawn

We need a redneck in the White House
Kickin' up those cowboy boots
Sittin' on a rusty tailgate
Makin' speeches, spittin' chew
Dukes of Hazard back on TV
And make everyone drive trucks
Just to show 'em what they're missin'
Cancel school for white tail bucks
No foreign country'd mess with us if word got out
There's a redneck in the White House
There's a redneck in the White House

His secret service was Hulk Hogan and Big Show
Hack saw Jim Dugan with a two-by-four in tow
Had Shiner Bock and PBR always on tap
Give a millions dollars to each veteran that came back

We need a redneck in the White House
Kickin' up those cowboy boots
Sittin' on a rusty tailgate
Makin' speeches, spittin' chew
Dukes of Hazard back on TV
And make everyone drive trucks
Just to show 'em what they're missin'
Cancel school for white tail bucks
No foreign country'd mess with us if word got out
There's a redneck in the White House

Got a blue tick on the front porch chewin' up a rawhide bone
You put a lift kit on the motorcade, ran moonshine coast to coast

We need a redneck in the White House
Kickin' up those cowboy boots
Sittin' on a rusty tailgate
Makin' speeches, spittin' chew
Dukes of Hazard back on TV
And make everyone drive trucks
Just to show 'em what they're missin'
Cancel school for white tail bucks
No foreign country'd mess with us if word got out
There's a redneck in the White House
We need a redneck in the White House
Let's put a redneck in the White House
