

Rowdy Side

Buddy Brown

Walkin' up to the club, it's a quarter past one
Truck covered in mud, boots dirty and scuffed
Georgia peaches in line, lookin' pretty dang fine
Think I'll go and say "Hi" and show a little love
We all came here to hang out

And we're gonna get wild and crazy tonight
Ain't nobody gonna keep us in line
Holdin' onto the girls and listenin' to Merle
We'll be sittin' on top of the honky tonk world tonight
So come on over to the rowdy side

Move the party down the road
I can take a heavy load
There's a buddy that I know would love to have us out
We'll be throwin' up mud with the girls in the trucks
They'll be fallin' in love with our kinda life
We all came here to hang out

And we're gonna get wild and crazy tonight
Ain't nobody gonna keep us in line
Holdin' onto the girls and listenin' to Merle
We'll be sittin' on top of the honky tonk world tonight
So come on over to the rowdy side

Once you spend the day with us you'll never wanna look back
All the places that we go ain't even on the map

And we're gonna get wild and crazy tonight
Ain't nobody gonna keep us in line
Holdin' onto the girls and listenin' to Merle
We'll be sittin' on top of the honky tonk world

Get wild and crazy tonight
Ain't nobody gonna keep us in line
Holdin' onto the girls and listenin' to Merle
We'll be sittin' on top of the honky tonk world tonight

So come on over tonight
Come on over tonight
Come on over to the rowdy side
Yeeeeeah
