

## Senior Year

Buddy Brown

Senior year's over, thank God we survive  
I don't have one regret over here on this side  
But I will miss my buddies and all of the girls  
And I'll still call 'em up tryna stay in that world

And I wish everybody the best from my past  
We'll never let go but we'll never look back

If I never told you that I love you  
Then I'm doing it now 'cause I want to  
I'll miss all of the good times, the hell that we raised  
From dreaming out loud to them Friday night games  
A kiss in the parking lot, a fight after school  
And acting invincible just like a fool  
But we'll always remember, legends were made around here  
In our senior year

It's all gonna hit us and we'll probably all cry  
In our new cap and gown that we'll wear just one time  
Where have the years gone and where will we be?  
Twenty years from today, guess we'll just have to see

But I wish everybody the best from my past  
We'll never let go but we'll never look back

If I never told you that I love you  
Then I'm doing it now 'cause I need to  
I'll miss all of the good times, the hell that we raised  
From dreaming out loud to them Friday night games  
A kiss in the parking lot, a fight after school  
And acting invincible just like a fool  
But we'll always remember, legends were made around here  
In our senior year  
Our senior year  
In our senior year  
In our senior year

Senior year's over, thank God we survived  
I don't have one regret over here on this side  
Except that I'm wishing we could just stay right here  
And never let go of this moment in time where these faces are perfectly frozen in our  
Senior year
