

# Tore Up

Buddy Brown

Just drinking, no thinking  
We're singing

It's been way too long  
Since I headed out to the bar  
Saw faces that I know  
Raised hell all night and went way too far

Just got out the field, washed off the dirt  
Call your boy up when you're leaving work

'Cause tonight I'm gonna get tore up  
Write my name on a Dixie Cup  
And it feels so good to see y'all here  
It's time we pop that first cold beer  
Gonna hit on some girls, bet on some pool  
And rock the night away  
Yeah don't you dare let me near my truck  
'Cause tonight I swear I'm gonna get tore up

Just drinking, no thinking  
We're singing, gonna get tore up  
Just drinking, no thinking  
We're singing, gonna get tore up

Work's been hot as hell  
Out in the field just burning up  
It'll make your ballcap melt  
And the AC went out in my truck

Just got out the field, washed off the dirt  
Call your boy up when you're leaving work

'Cause tonight I'm gonna get tore up  
Write my name on a Dixie Cup  
And it feels so good to see y'all here  
It's time we pop that first cold beer  
Gonna hit on some girls, bet on some pool  
And rock the night away  
Yeah don't you dare let me near my truck  
'Cause tonight I swear I'm gonna get tore up

Just drinking, no thinking  
We're singing, gonna get tore up  
Just drinking, no thinking  
We're singing, gonna get tore up

And it ain't like me to go this crazy  
Too much sun made my mind all hazy  
Hey pretty thing wanna be my baby  
Hell, I don't even know what I'm saying

'Cause tonight I'm gonna get tore up  
Write my name on a Dixie Cup  
And it feels so good to see y'all here  
Let's polish off that first cold beer  
Gonna hit on some girls, bet on some pool

And rock the night away  
Yeah don't you dare let me near my truck  
'Cause tonight I swear I'm gonna get tore up

Just drinking, no thinking  
We're singing, gonna get tore up  
Just drinking, no thinking  
We're singing, gonna get tore up

Yeah I'm gonna go and get all tore up
