

Back Door Scratchin'

Buddy Guy

Been howling and prowling
Sniffin' round your neighborhood
When I got to your door
Something was smelling good
I'll do anything just to get a taste
Nothing you can do to chase this dog away

Back door scratchin'
Again and again
Back door scratchin'
Till you let me in
You got me all fired up
My tail is waggin'
I ain't gonna stop
This back door scratchin'

Been waitin' so patient
Standin' out in the cold
Hungry for your love
No place else to go
You can throw me a bone but I won't be satisfied
Honey I'll be your best friend, just let me come inside

Back door scratchin'
Again and again
Back door scratchin'
Till you let me in
You got me all fired up
My tail is waggin'
I ain't gonna ever stop
Back door scratchin'

Fox is in the hen house
He ain't up to no good
A pack of wild coyotes
Out there in the woods
I might be astray but I'm looking for a home
Till you take me in I won't leave you alone

Back door scratchin'
Again and again
Back door scratchin'
Till you let me in
You got me all fired up
My tail is waggin'
I'm never gonna stop
This back door scratchin'

This back door scratchin'
