

## Blue No More

Buddy Guy

When I reach heaven's gate  
And they see the joy on my face  
They might not know me  
'Cause I won't be blue no more

None of my songs will sound the same  
'Cause all of the heartache and all of the pain  
Will be taken from me  
And I won't be blue no more

Lord knows the blues  
Is deep in my soul  
Is my whole life  
Is everything I know  
It's been my home  
And I bring it everywhere I go  
Oh, yeah, everywhere I go  
I can't leave without it

One of these days (One of these days)  
The road is gonna end  
He'll call my name (Call my name)  
Up yonder then  
I believe (I believe, yes)  
I won't be (No I won't be)  
Blue no more  
Yeah I believe  
That I won't be (I won't be)  
Blue (I won't be blue no more)
