

Blues On Top

Buddy Guy

Blues on top
Pushin' down on me
Blues on top
Pushin' down on me
I've been at the bottom
Since I lost my baby

Lord knows how I miss her
Can't eat and I can't sleep
Smilin' on the outside
But I'm crying way down deep

Blues on top
Pushin' down on me
I've been at the bottom
Since I lost my baby

Tried to win her love
Gave my heart and lost
I'm on this lonesome highway
Trying to get off

Blues on top
Pushin' down on me
I've been at the bottom
Since I lost my baby

Feelin' low and so down
Stayin' high and tight
If I look like I'm slowly dying
Well you got that right

Blues on top
Pushin' down on me
I've been at the bottom
Since I lost my baby
