

I Could Die Happy

Buddy Guy

Look a here, Mama
You're lookin' real sharp
Walking' by my house
Just before dark
You got something
Will make a yard bird jump a cat
Oh, you know I could die happy
If you just give me some of that

I dig your pretty blue dress
And your real pretty smile
Won't you come on in
And stay with me a while
I'm not a young man
But I'm still young at heart
Oh, you know I could die happy
If you let that lovin' start

Girl, I want to live
A whole lot more
But before I go to heaven
I got to slip in heaven's door
Oh, but I ain't cold
And I damn sure ain't dead
Oh, but I could die happy
If you just hop up here on my bed
Yeah, I could die real happy
You gonna miss me when I'm dead
