

I Gotta Try You Girl

Buddy Guy

I gotta try you girl
No matter what you say
No matter what you do girl
I gotta try you girl...
Baby, I got to try you girl
We got to make love baby...
I gotta try you girl
I gotta try you babe
No matter what you say girl
No matter what you do baby
I gotta try you baby
Come on...
I gotta try you girl
No matter what you do or say
No matter what you do girl
I gotta try you baby
Baby
Let's make love girl
And this is what she said:
She said: Mister Guy
Don't you know your mimes
And I said to her, I said:
I got to try you baby

Let's make love baby
Let's make sweet love babe

No matter what you say babe
No matter what you do

One more time she said:
Mister Guy
