# Living Proof

**Buddy Guy**

I had no money, I had no clothes
I had no shelter from the bitter cold
When you're too weak to walk, He'll carry you through
I'm living proof

When you're down to your last dime
You ain't got no hope or peace of mind
Just say a prayer, He'll listen to you
I'm living proof

I'm living proof that bares a way
I'm living proof, kneel down and pray
I seen His glory, I know the truth
I'm living proof, I'm living, I'm living proof

You know I'm not tough, can't do my own
Say you're going down all alone
Well, I'm still here, [?] and gone
Living proof

Life ain't easy, it's a long, hard test
You're gonna make mistakes, just do your best
[?], you make it through
Hell, I'm living proof
I'm living, I'm living, I'm living proof

I'm living proof that bares a way
I'm living proof, kneel down and pray
I seen His glory, I know it's true
I'm living proof
I'm living, I'm living, I'm living proof

There's a lot the Lord can do
Hey, look at me, I'm living proof

I'm living proof
Yeah, I'm living proof
Yeah, I'm living proof
Yeah, I'm living proof

I'm living proof
I'm living proof
I'm living proof
