

# Nine Below Zero

Buddy Guy

Ain't this a pity  
People ain't this a damn cryin' shame  
Oh yes, ain't this a pity  
People you know this a damn cryin' shame

Wait those nine below zero  
And this woman then put me down for another man  
I give her all my money  
All of my lovin' and everything  
Yes, I give her all my money  
People, I give her all of my lovin' and everything  
When it goes nine below zero  
And she done put me down for another man

She lied to me  
She did not tell me everything  
Oh yeah, oh yeah, she lied to me  
The little girl didn't tell me everything  
Well you know it's nine below zero  
And she put me down for another man

Ain't this a pity  
People this a damn cryin' shame  
Oh yes, ain't this a pity  
People you know this a damn cryin' shame  
She waits til it got nine below zero, Tom  
And this little girl then put me down for another man

I'm gonna retire down to Louisiana  
Layin' out there in the fallin' rain (in the swamps too)  
Yes, I'm gonna retire down to Louisiana  
Oh yes, I'm layin' out there in the fallin' rain  
You know it's nine below zero here in Chicago  
And my love don't mean a thing
