

Rabbit Blood

Buddy Guy

I can't say nothing wrong
'Cause the girl is alright
Got that little somethin'
That keeps me home at night

Rabbit blood
I swear the girl's got rabbit blood
I ain't met no woman, no damn woman
Can do me like she does

I was lying on my sofa
About to take a nap
Ya ought to see the way
She hopped up on my lap

That's rabbit blood
I swear the girl's got rabbit blood
I ain't met no woman, no woman, no woman
Can do me like she does

A plate of cheese and crackers
A glass of mad dog wine
She kicks off her slippers
And I can read what's on her mind

Rabbit blood
I swear the girl's got rabbit blood
You know I ain't met no other woman
Can do me like she does
