

Symptoms of Love

Buddy Guy

I went to the doctor to see what I had
He looked me over, said you've got it bad
He listened to my heart, thump thump thump
He said "you've got symptoms of love"

I've got (I've got) symptoms of love
I've got (I've got) symptoms of love
Oohoo

I called on the preacher, the preacher said "son
God only knows, what that woman's done"
He prayed for salvation, to the lord up above
Please help this sinner, with symptoms of love

I've got (I've got) symptoms of love
I've got (I've got) symptoms of love
Ooh weee
Ooh weee

I ran to her house, broke down the door
Callin' her name, I fell to the floor
Woman said "Buddy Guy, I know what you need"
She laid her healing hands on me

I've got (I've got) symptoms of love
I've got (I've got) symptoms of love
I've got (I've got) symptoms of love
I've got (I've got) symptoms of love
Oohoo
Oohoo
