

## Upside Down

Buddy Guy

I paid two dollars for a nickel candy bar  
Gas in my tank cost more than my car  
Taxes goin' up, higher all the time  
Workin' folks standin' in the welfare line

Upside down  
How did it get this way  
Upside down  
It's a damn dirty shame

Politicians fight like cats and dogs  
Wantin' more pork just to feed the hogs  
Banks got money when the deal went south  
I just want to know who's gonna bail me out

Upside down  
How did it get this way  
Upside down  
It's a damn dirty shame

You can't get credit, ain't it a bitch  
Kids need clothes, you can't afford a stitch  
No health insurance, better not get sick  
But if you do, then you better die quick

Upside down  
How did it get this way  
Upside down  
It's a damn dirty shame

Upside down  
World's turned upside down  
It's a damn dirty it's a damn dirty  
It's a damn dirty shame
