

# We Go Back

Buddy Guy

Cup of coffee cost a nickel  
Newspaper sold for a dime  
A dollar bought a pack of smokes  
And a bottle of mad dog wine

We go back  
When the blues was everywhere  
We go back  
Fightin' hard to get our share  
Times were bad, what a time we had  
We go back, way way back

On a balcony in Memphis  
April 1968  
I never will forget  
What happened on that date

We go back  
When the blues was everywhere  
We go back  
Fightin' to get our share  
Times were bad, but what a time we had  
We go back, way way way back

I can see it in my mind  
I can still hear it in my ears  
The crying and the dying  
The hell it took to get us here

We go back  
When the blues was everywhere  
We go back, go back, go back  
Fightin' to get our share  
Times were bad, but what a time we had  
We go back

We go back, we go way way back  
...
