

You Did The Crime

Buddy Guy

You lied and you cheated
Girl, there's no excuse
That's criminal behavior
But you still only lose

You did the crime
But I'm the one doin' the time
Spend the rest of my life
Without you in these arms of mine

Guilt in your heart
Guilt in your soul
But the joys of love
Give me life without parole

You did the crime
But I'm the one doin' the time (Yes, I am)
Spend the rest of my life
Without you in these arms of mine (What a shame)

(Yeah)
(Oh, shoot)

Cold-hearted lover
In the first degree
You got away with murder
And I'll never be free

You did the crime
But I'm the one doin' the time (Without you)
Spend the rest of my life
Without you in these arms of mine

That's a hard pill to swallow
