

## Butterscotch

Buffalo Tom

Hey butterscotch  
I sure you miss you a lot  
But you're blind if you can't see  
That I don't mind if she bleeds

Hey butterscotch  
You sure kiss me a lot  
But those rotten things they say  
Fall back on me today  
They say go away

Hey butterscotch  
You could learn a lot  
I'm on top of things today  
It's not like yesterday

Hey butterscotch  
I know it's getting hard  
She's an artist can't you see  
She don't need you or me  
Won't you please come back to me  
Pretty please  
You're all I see

But I can't believe it's true  
What am I supposed to do?  
Just pray  
For you to stay  
Should I pray for you today?

Should I pray for you today?  
Hey Butterscotch  
I know I'm getting lost  
And it's all in front of me  
This truth ain't hard to see

Hey butterscotch  
A little's not a lot  
So bite her for me  
I don't mind if she bleeds

Don't you say  
Won't you believe (butterscotch)  
I behaved  
It's not okay (butterscotch)  
I behaved  
So won't you stay?
