

## Little Ghostmaker

Buffalo Tom

Little ghostmaker  
Is something wrong  
Did you wake up [?]  
Or with a song  
Little heartbreaker  
Little sun

Little nosetaker  
Hear my [?]  
We will hold your hand through  
Everything  
And did you hear her crawling  
Did you hear her weep  
Did you wake up [?]  
Or did they let you sleep

And did you hear her crying  
On the telephone  
Let me wrap you up in  
A warm and happy home

Little ghostmaker  
You walk alone  
You will spread your wings and  
Stop to [?]  
And did you hear her crying  
On the telephone  
Let me wrap you up in  
A warm and happy home

Little ghostmaker  
You little heartbreaker  
You little nosetaker

Head in the sun  
I know you're the one  
Head in the sun  
I know you're the one  
Head in the sun  
I know you're the one  
I know you're the one  
I know you're the one
