

Renovating

Buffalo Tom

God never cheats
He gave you to me
(To lie tenderly in the grass with clover?)
God never lies
He gave you and I
The burnt autumn skies and the fields of (dover)

But I'm never gonna be the same
I ain't never kissing you again
I ain't never gonna talk to you
I'll forget about the things you do
It's just like renovating
(Spending my whole life)
Renovating
(Spending my whole life)
Renovating
(Spending my whole life)
Renovating
(Spending my whole life)

God never cheats
He saved you and me
The authentic child of a roman soldier
But cherries are red
Cherries are red
And god never said that would make us closer

But I'm never gonna be the same
I ain't never kissing you again
I ain't never gonna talk to you
I'll forget about the things you do
Just like renovating
(Spending my whole life)
Renovating
(Spending my whole life)
Renovating
(Spending my whole life)
Renovating
(Spending my whole life)

I know Jesus will call you
I know Jesus will call you
