

Impossible Love

Bugoy Drilon

Wake up in the morning without you by my side
Last night we had our fight
Now I'm stuck thinking why
If only I had known I lost your focus
I would have shown you what I noticed
About you
Tryin' get my attention
I didn't even care
And I forgot to mention
And I forgot to share
Cuz all of this distance
We couldn't make it near
How can I love you
When you're not even there

In my bedside or my news
I need you to come through

This impossible love, love, love
This impossible love
This impossible love, love, love
This impossible love

Lonely in the evening
Without you in my arms
Laying in the dark
Tryna feel alright
Lately I've been thinking
Is this really for us
Burn our pictures break our heart
Turn the page and restart
Tryna get my attention
I didn't even care
And I forgot to mention
And I forgot to share
Cuz of all this distance
We couldn't make it near
How can I love you
When you're not even there

In my bedside or my news
I need you to come through

This impossible love, love, love
This impossible love
This impossible love, love, love
This impossible love

And I think that this may end tonight
And if I left would ya be alright
But I can't let you outta sight
And I think that this may end tonight
And if I left would ya be alright
But I can't let you outta sight

This impossible love, love, love
This impossible love

This impossible love, love, love
This impossible love
