Ayy (Ghosty)

Ladies

Yeah

Let me not say too much

Listen

Look

I tell her welcome to my home, this is where I do my thinking

Take me through your goals, but first, tell me what you're drinking

We can do a red wine, maybe you like Gin and Tonic

Or we can swim later and go non-alcoholic

Let me get the door for you, I know I can be ghetto

I really done some street shit and ended up in jail

I'm a businessman now, I've got a fragrance, loading

Trainers, clothing, the labels rolling

Or we can hit the studio, go make a rap song

I like RnB from the 90's, the really deep ones

Wait, don't push me 'cause I'm close to the--

I'm only messing

You don't have to get undressed cause' I'm just tryna be your bredrin

And I don't really see the point in sex with no connection

I'm tryna make sure you feel safer in my presence

I'm looking in your eyes to get to know you for your essence

I made her Nokia ring

Look

And if you really wanna know

Then I tell you what my thoughts are

I just think my life changed faster than my sports car

I just think my stage name's hotter than my sauna

I just like a little more butter on my lobster

If you'd like to watch a film, cinema, let the corn pop

Get your coat, baby girl, there's about to be a bop

I got lamps like living on the park in my spot

Turn the music up

Neighbours, they about to call the cops

What's your family like?

Do you think they'd see through the scars and the slits in my eyebrows that filled in my bars

Did you get along with daddy, did he teach you self respect?

And if I met your mother, do you think she'd be impressed?

Are you sophisticated? Could we fly out to Rome?

Talk about the chapel, maybe Michael Angelov

Maybe we'd do Venice, we can get there on a boat

If you like, we can drop the top, then meet at mountain coast

The film can wait, even though it's getting mega late

I still got some cake on my paper plate

You can be my partner in this paper chase

You can be my bestie on my darker days

Would you offset me from my wicked ways?

I was a boy and then I had to change

Communication we can liaise

If you're loyal, you can be my babe

Uhh

Ladies

You know?
