

Notorious

Bugzy Malone

I could have been one of the most notorious

This Luciano, Tony Soprano
Come up like Pablo, nothin' like Narcos
And I'm self employed, never got furloughed
Lobster with thermidor, word to San Carlo
I got the big white tiles, not marble
Walk in the room and I scan it like a barcode
They can never catch me lacking, that's a no-no
They want me incarcerated like I'm an Alpo
Godfather, young De Niro
I could've killed him with my bare hands and done a Drago
Man try violate like I'm a tomato
Man are saying "Calm down", me, I'm like "Nah, bro"
I'm on a turn-switch, when they 'bout to draw boat
I'm a heartbreaker, never been heartbroke
And I'm Darth Vader, I can get dark
Let it bark, let it bark, turn it up and let it bark (Aruff!)

Are they stupid? Are they stupid?
It was all a dream now I feel notorious, woah
Back then I needed a deal (Notorious)
Now I'm on, leading the field (Notorious, woah)
I feel notorious
Yeah, that's me on the telly (Notorious, woah)
I feel notorious
B.I.G, Makavelli
Gambino, John Gotti (Notorious, woah)

Niggas jumping out their prams going crazy
I be like "It's all good baby, baby"
They wanna' see me laid out, bloody, bleeding
Go tell 'em that I'm covered by the blood of Jesus
Hallelujah when I'm squeezin', where the weed at
When the flows walk on water, tell me where's the deep end?
See, it's time to show maturity and do it for the city
So me and B ain't ever going out like Pac and Biggie (Never)
Remember it was R.I.P me, I resurrected I guess, slip when I step
Pen goes slit at your neck, uh (Yeah)
I was speaking to my dargs, Dr. Dolittle
Just convincing them there's nothing they should do to you
A lot can change in five years, me and Bugzy right here
It's been a decade and a half, motherfucker I'm here
Glorious son, notorious one
I told Bugzy I'll retire when I start losing my hair, you know
Wait, you stupid? Man'll get you stupid
It was a dream now I feel notorious, woah
I ain't ever needed a deal (Notorious)
But I took one like "Fuck how you feel" (Notorious, woah)
I feel notorious
Nigga independent getting money (Notorious)
Pussy, you ain't gully for the gully, yeah, yeah
I could have been one of the most notorious
Yeah, yeah (Aruff!)

Are they stupid? Are they stupid?

I feel notorious
B.I.G, Makavelli
Gambino, John Gotti (Notorious, woah)

Come with me, Hail Mary
Drop a dumb sixteen to make the gunman lean
I'm looking at the Rolls-Royce with the big 23s
And a statute at the front, how ya' mean? How ya' mean?
B. Malone, Cash Motto
Yeah, man, I'm setting the pace they can't follow
And they think they're safe for now, they sound hollow (Chip!)
And that's 'cause we're watching man, we're on Obbo

See they-a-watch me, them-a-pree me, them-a-chat me (Hmm)
Long before Twitter, man were "at" me (Ya see it?)
Chippy, I don't need no-one to back me
I was on televisions when they wasn't flat-screens
Off the ends, I'm hardly in the city, boy (Skrt!)
But can't deny what I done for my city, boy
Come through with two chains on my titty, boy
Youngens back then, now we the bigger boys (Aruff!)

Are they stupid? Are they stupid?
It was all a dream now I feel notorious, woah
Back then I needed a deal (Notorious)
Now I'm on, leading the field (Notorious, woah)
I feel notorious
Yeah, that's me on the telly (Notorious, woah)
I feel notorious
B.I.G, Makavelli
Gambino, John Gotti (Notorious, woah)

I could have been one of the most notorious
I got saved by the king and His love is so glorious (I coulda been)
I could have been one of the most devastating
I got saved by the king and His love is everlasting
