

Ten Excuses

Bugzy Malone

1 too many bad memories
And 2 many friends turn enemies
3 more sips of this Alize
And I think my thoughts might turn venomous
A 4 wheel drive on my s-line
I'm 5 figures in so I tek time
6 more songs on a deadline
I gotta make this track then it's bedtime

I've been meaning to do it since yesterday
The anxiety's getting the best of me
Sittin up worryin about ifs and buts, fabricated jeopardy
My nigga just got stabbed off a nigga that I know since I was on the road
de properly
Still the dust ain't settlin
And the Alize's kickin in

7 signs of a soldier
8 millimeters to the left
And it coulda been his jugular vein game over
9 things I try not to remember
10 Bad guys in my nightmare
10 reasons why I don't care
I've been dancing with the devil since 2Pac was alive
And I've still lost out here

I've been countin
I've been countin
I've been countin to 10
Just tryna, make excuses for the places I've been
And now I'm hard taking
Still I'm paper chasin
I've been dancin with the devil my whole damn life

1 more late night
2 many spectators in my life
All wearing 3D glasses
And watching as 4 women try ruin my life
Mum sister girl mistress
The mistress is my queen
I can't get enough of the queen's head
She got me running into the smokescreen

Just chasin paper avoiding feds
Cuz I can't get away from the five-o
So I'm swerving, on the M6
And I'm picking up speed like a rhino
I can't see my destination
And nobody gave me an explanation
So I had a 7 word conversation with a shrink
Then left cuz I'm too impatient

8 more phone numbers deleted
9 women that I never wanted to be with
They call me a prick, said that I broken their heart
And I didn't wanna pick up the pieces
Ha

But that's just life and it's not fair
The devil's always gonna be there
10 more bad guys in my nightmare
10 more reasons why I don't care

I've been countin
I've been countin
I've been countin to 10
Just tryna, make excuses for the places I've been
And now I'm hard taking
Still I'm paper chasin
I've been dancin with the devil my whole damn life

Whole damn life
Whole whole damn life
Whole damn life
Whole whole damn-
I've been dancing with the devil
Dancing with the devil
Time and time and time and time again
Whole damn life
Whole whole damn life
Whole damn life
Whole whole damn-
I've been dancing with the devil
Dancing with the devil
Time and time and time and time again
