Bugzy Malone

You might just be the greatest boxing champion of all time  
You see man like me, I'm an undisputed champion of life

Ooh, the dog's with me, walks with me, arf-arf  
It barks for me, go to war with me  
That's war in my full city, war with me, that's war with the six one  
Ooh, the dog's with me, walks with me, arf-arf  
It barks for me, go to war with me  
That's war in my full city, war with me, that's war with the six one

When your idols become your rivals  
Has a funny way of makin' you pick up the Bible  
I've been hustlin' for the longest, the money's vital  
Late night in the casino, I watch them win the title  
I don't have to think too heavy, I can remember  
The city center's hellin' cold in the December  
The roads that I'm from will turn you to a contender  
I'm a Jean-Claude Van Damme, there's no surrender  
You didn't know Manny when the bally meant the strally's up  
When I'm sayin' Manny, I'm not talkin' about Pacquiao  
It's funny how the tables turn, you're not Ricky Hatton, huh  
Tonight I have to kill a man, let me put my bally down  
When you was hittin' bags, I was still baggin' up in mummy's house  
You was in the Philly Shell when I was gettin' patted down  
Prison cell, swimmin' in my thoughts, trying not to drown  
Shadow boxin' in my pad, I hit the gym when I got out

Ooh, the dog's with me, walks with me, arf-arf  
It barks for me, go to war with me  
That's war in my full city, war with me, that's war with the six one

When your idols become your rivals, you know the hustle paid  
You know you took your lemons and turned them to lemonade  
I'm from Manny where the police are gettin' blown up with grenades  
And that's a true story, that's not somethin' you just say  
Yeah, undisputed, undisputed, we're the undisputed ones  
We wanted to be gangster, yeah, we wanted to be dons  
We end up in a can and I don't mean a Rubicon  
I've always been a champion, I've done it on my ones  
I've been runnin' up hills, I've been bangin' out weights  
I've been beatin' up the heavy bag, I'm trainin' every day  
Had to fight for these mills, had to lose a couple mates  
Sacrifice after sacrifice, that's the only way, ah  
Undisputed, they thought that I can't do this  
I said I'll be a legend, they all thought I was deluded  
The pain's deep rooted, the gains diluted  
These rappers aren't gangster, they're all cappin' in their music  
In my soul, I can feel it, in my soul, I can feel it  
There's always been a deeper meaning  
I wrestled with my demons, I wrestled with my demons  
The roads always been appealing  
There was holes in my sneakers, there was holes in my sneakers  
I had to go and get that P  
And I don't know what I'm feelin', I don't know what I'm feelin'

I just know that I'm in deep

Ooh, the dog's with me, walks with me, arf-arf
