

## This Place

Building 429

This floor, these walls  
Oh the stories they would tell if they talked  
All the crippled hearts that got up and walked  
It's holy ground

These prayers, these songs  
Hymns and melodies we've sung for so long  
All the offerings that come at a cost  
It's holy ground

And anyone that is hopeless  
Anyone that is broken  
Anyone that is lost  
Won't leave the same

And anyone that is searching  
Anyone that is hurting  
Everything that you lay down  
He can change in this place

This room, this space  
Truth from heaven echoes from age to age  
Words that call impossible things to change  
It's holy ground

And anyone that is hopeless  
Anyone that is broken  
Anyone that is lost  
Won't leave the same

And anyone that is searching  
Anyone that is hurting  
Everything that you lay down  
He can change in this place  
In this place

Come as you are  
Come heart wide open  
Come weary child  
Jesus is calling

Come as you are  
Come heart wide open  
Come weary child  
Jesus is calling

And I said, come as you are  
Come heart wide open  
Come weary child  
Jesus is calling

And anyone that is hopeless  
Anyone that is broken  
Anyone that is lost  
Won't leave the same

And anyone that is searching

Oh if you're hurting  
Everything that you lay down  
He can change in this place  
In this place

So come as you are  
Come heart wide open  
Come as you are  
Jesus is calling  
In this place
