

# Worry

Building 429

Don't worry your life away  
Don't worry your life away

Yeah we got our problems  
And we think we'll never solve them  
But don't let 'em steal your joy now  
Don't believe all the noise now  
Even when we think we're sinking  
We don't really know the ending  
There's a reason for the scars  
That make us who we are  
Light breaking through the dark

Life gets so hard, nothing comes easy  
Some days it feels like it's breaking your heart  
If you believe He's working all things  
Together for a reason

Don't worry your life away  
Don't miss the blessings you got today  
'Cause every breath that's in your lungs  
Is a promise that God's not done  
And you don't have to be afraid  
'Cause He's in control, and He won't let go  
When you get down on your knees  
You're gonna rise up in victory

Don't worry your life away  
Don't worry your life away

You get caught up in the middle  
And life is feeling like a riddle  
He's still working in the details  
And our God, He won't fail

Don't worry your life away  
Don't miss the blessings you got today  
'Cause every breath that's in your lungs  
Is a promise that God's not done  
And you don't have to be afraid  
'Cause He's in control, and He won't let go  
When you get down on your knees  
You're gonna rise up in victory  
Don't worry you life away

Can't add a day  
Can't add a single moment  
Give everything  
Back to the God who wants it

Don't worry your life away  
Don't miss the blessings you got today  
'Cause every breath that's in your lungs  
Is a promise that God's not done  
And you don't have to be afraid  
'Cause He's in control, and He won't let go  
When you get down on your knees

You're gonna rise up in victory

Don't worry your life away  
Don't worry your life away  
Don't worry your life away  
(We choose joy  
We choose hope  
We choose faith  
We choose)
