

# Revolution

**Built to Spill**

I'm killing time  
Want it all the time  
Want it to go away

I'm stealin' time  
Want time all the time  
Or want it to go away

Revolution  
Revolution  
Revolution  
Revolution

How come people don't fuck it up?  
It's like turning on the heat

I'm just in time  
Time to see it all  
Make it go away

I change my mind  
Change it all the time  
Want it to go away

Revolution  
Revolution  
Revolution  
Revolution

How come people don't fuck it up?  
It's like turning on the heat
