

## Untrustable / Part 2 (About Someone Else)

**Built to Spill**

You can't trust anyone  
'Cause you're untrustable  
How can you trust someone  
You know can't trust you?

You won't help anyone  
'Cause you're unusable  
No one can tie you down  
No, you're nobody's fool

And I'd like to see it but it's something you just feel  
And I'd like to feel it but it just isn't real  
And god is whoever you're performing for  
And god is whoever you perform for

You don't like anything  
'Cause you're unlikable  
All because you're not interested  
In you anymore

It's so unthinkable  
'Cause you don't think of it  
How many ideas can fit  
In your reality?

And I'd love to see it but it's something you just feel  
And I'd like to feel it but it just isn't real

And I'd love to see it but it's something you just feel  
And I'd like to feel it but it just isn't real  
And god is whoever you're performing for  
And god is whoever you perform for

I know you  
Feel the things you see, you know they're true  
What are you gonna do?

Why can't you  
Empathize with Jesus' point of view?  
What are you gonna do?

Can you feel the darkness shining through?  
What are you gonna do?

Why can't you  
Move yourself like other people do?  
What are you gonna do?

I know you  
Wouldn't be the way you feel if you could choose  
What are you gonna do?

Can you feel the darkness shining through  
What are you gonna do?
