

# Love You Girl

Buju Banton

I just wanna say... three little words  
IIIIIII wanna say I love you girl  
You make my world yea  
Keep bouncin round and round  
And IIIIIIIIIII  
Wanna say I love you girl  
You make my world (yeah)  
Go round and roundd

And I won't forget (no, noo)  
So glad the day we met  
Yea...  
As I reach how to touch you girl (uhh)  
My heart beat mi stay sleep (uuhhhh)  
And then I knew that your love I must get  
So inviting, so perfect  
I could not wait at all  
I wanna be there when you call  
Don't wanna be left there all by myself  
Or lose this feeling to someone else  
Just you answer my call  
If it take forever I am waiting  
Girl I'm trying to do this by the book  
Frankly speaking I've got no place else to look and...

IIIIIIIIIIII wanna say I love you girl  
You make my world (yeah, yeah)  
Go round and round you do (oh)  
IIIIIIIIIIII wanna say I love you girl  
Truly I doooooo (oh)  
What else can I say to you

All the things you told me (mmmmm)  
Gentley she would hold me (yeah)  
Always dispensing love (uhhh)  
Like an angel from above (hey)  
You can safely guard this heart of mine  
My eyes are open, I'm no longer blind  
How could love be so close  
And I let it go (ohhhhhhhhhh)  
Girl I'm trying to do this by the book  
Frankly speaking I have got no place else to look so...

IIIIIIIIIIII wanna say I love you girl  
You make my world (yea oh)  
Go up and down, round and round  
IIIIIIIIIIII wanna say I love you girl (wanna say I love you)

For all the little tings you do suddenly (hey)  
Suddenly I won't forget (no)  
Glad that day we met  
So glad the day we met  
As I reach how to touch you girl (uhh)
