

Mother's Cry

Buju Banton

Once again I'm alone
Facing problems on my own
All alone, I don't know what I've done
The pressure just keep on tumbling down
Lord I bawl, Lord I bawl

I know for us the sun shines bright
No matter the crisis we'll be all right
Keeping our goals in sight
Though the Eden's fight
Who is our shield and our protector
Take a look cause

Once again I'm alone
Facing problems on my own
All alone, I don't know what I've done
But the troubles just keep on tumbling down
All around me
