

MY MICROPHONE

Buju Banton

Ooh-ooh, ayy

My microphone is my only defence
Here we reminisce on the good and the bad, yeah
What we have and what we had

Right now don't bother me
Please go away
Watching these ladies
Ooh, Lord
That's all I've got to say
Mm, alright
That's all I've got to say
Mm, alright

Leave let me think
I wanna enjoy my drink
And I must find the perfect words to say
While her body sways
Yeah, mm
Another smile and a wink
I know what she's got coming
And I don't want you all up in my face, no
Spoiling a good thing

I beg you don't bother me, not right now
I beg you, go your way
Watching these ladies
Ooh, Lord
That's all I have to say
Look there
Look there
Look there

There is someone beside her, it seems they're holding hands
Wishing he would walk away so I could get my chance
I wanna formulate my thoughts whatever her response
Comport myself with tact and skill and then make my advance, yeah

Go away, don't bother me, go away
Watching these ladies
Ooh, Lord
That's all I have to say
Make your move

Excuse me lovely lady, may I have this dance?
Could not resist temptation so I took my chance
Across the room my eyes met yours, could not avert the glance
I search the world and there is none, London, Rome and France
Listen

Don't bother me, not right now
Please go away
Watching these ladies
Ooh, Lord
Is all I've got to say
What does she need?

She could take a little fix up, fix up
Aright, a little fix up, fix up
Around there, need a little fix up, fix up
Alright

We don't have to argue don't have to fight
Just don't bother me
Please go away
