

SI MI CLEAN

Buju Banton

We tune it up
Buju and Busy

Liquor on table chaser nothing else
'Cause we buy the whole shelf

When we do things the girls them pree this

Them fantasize and tell me how them want to feel this
Me and the team step out we keep it real

We too nice to melt 'way like ice

Shirt in a pants
(You don't see me clean, you don't see me clean, you don't see me clean)
Step out a lamborghini van
(You don't see me clean, you don't see me clean, you don't see me clean)
Pinky ring cost couple grands
(You don't see me clean, you don't see me clean, you don't see me clean)
Alright out we rolling out we rolling out we rolling
See we here

Fresh when we rep
We cool don't have no sweat
No dirt when we step
From boardroom to jet
Alligator get trap in my penthouse closet
Baguettes round me neck disturb the climate

Money I spend every thing a shell sheller
My rollie different from yours it's sky dweller
Wait till busy step out on coachella
In the ferragamo with the dam chinchilla

Clean Alexander McQueen
A style you never seen
We don't question the price
We don't check the receipt
My time is money ask Paket Philippe
We among the elite and a just so we dweet

Clean when talk bout me clean
Me mean clean the stream
Not just me the team
Me mean hot up the scene
Police can't arrest me
Cause money go laundry
The blood cloth cream so clean supreme

Gold pavement me say fuck the red carpet
Cleaner than bleach, lysol and harpic

Clean like me teeth when me just done floss it
Fresher than the water what flow out the faucet
Clean to the street yes we are the hot topic
To how we kill the scene police white chalk it

Some say clean but them clean and lean
