

SWEETER

Buju Banton

Our love is classic, yet our disagreements are epic
Let's find some resolve
Come with me

After the fight
Love shall be sweeter tonight
Ooh, oh
Put anger aside
Love shall be sweeter tonight

Yeah
Lose control, make you scream and swear
From that sort of energy, you need to stay clear
Constant accusing when I'm not there
Take a lot more than words to show that you care
Making up the sweetest, nothing but your sweetness
Touch and caress, kisses mingle with tears
Speak soft and gentle make it easy to bare
Try to reassure her that you're not going nowhere

It's alright, yeah
Love shall be sweeter tonight
Yeah
Put anger aside
Love shall be sweeter tonight
Ooh, oh

Step on roses, candle round bath
Whole place scented, ambiance soft
Champagne a chill with champagne glass
I don't wanna fight, let's meet up and talk
I know some knives will cut you, but some word sharp
And if words cannot offend, why does it hurt heart?
Cannot let stupidity tear us apart
Baby, baby, baby

After the fight
Love shall be sweeter tonight
Ooh, oh
Put anger aside
Love shall be sweeter tonight

After the fight, yeah
Love shall be sweeter tonight
Ooh, oh
Put anger aside
Love shall be sweeter tonight

Yeah, after the fight
Love shall be sweeter tonight
Ooh, oh
