

The World Is Changing

Buju Banton

A cerebral reflection
A global situation
Consequence and actions

How di quest can be both migrants entering across your border
While sweeping off di earth despite to get their lives in order?
Nuff peoples in di world would profit from dat marijuana
Someone will have to pay

They wanna mi gwaan fear, hop off their agenda
Food is di biggest weapon jus tru medical gangsters
I say, the world is changing
Not today, nor yesterday
Everyone's eyes are open
They can see clear

The world is changing
Not today, nor yesterday
Everyone's eyes are open
They can see clear

We've paid di ultimate price, look at what we did
The Palestinian question has not been answered yet
Mecca yuh Middle East is now a total mess
Destabilizing countries, tell me who's next?

From mass incarceration to random death
His stare, they are so upset
Our voices shall be heard at all cost
We have suffered and we have lost
What we have hate shall remain
This nation won't be di same, no no

No, no-no-no
The world is changing
Not today, nor yesterday
Everyone's eyes are open
Alright, alright

The world is changing
Not today, nor yesterday
Everyone's eyes are open
They can see clear
