

Try Life

Buju Banton

Try life
She faced the hardest times
Any woman could imagine (ever imagine)
Oh-oh-oh
Oh-oh-oh
Inna her life, yeah
Yet she remain ever loving and on
Always forgiving
There is compassion in every smile
So try life, yeah
She faced the hardest times
Any woman could imagine (ever imagine)
Oh-oh-oh
Gramps did you know?
That in her life...
Yet she remain ever loving and on
Always forgiving
Compassion in every smile
She live a lie
No-no
Works all the time
And if work becomes difficult to find
To do our job she never mind
She's a lifter up of the family
Can't take if he hungry
She was a mother at her tender age
Going through life stages and faced
Oh
Try life (try life)
She faced the hardest time
Any woman could imagine (ever imagine)
Oh-oh-oh
Gramps did you know?
That in her life, yeah-ah
Yet she remains ever loving and on
Always forgiving
There is compassion in every smile
To try life
She faced the hardest times
Any woman could imagine (ever imagine)
Gramps did you know?
Did you know? (yes I know)
That in her life
That she remains ever living and all
Always forgiving
Compassion in every smile
There was no house
No no gramps
Only a shed
Lord knows Jah provide the bread
There was the romance in the air
Messing around with her head
Oh, but she survived
What more can be done?
You tell me now, what can be said?
Go on and try life
She face the hardest times

Anyone could imagine (ever imagine)
Ohh ohh
Yet in her life
She remains ever loving and on
Always forgiving
There is compassion in every smile
Try life, try life, try life,
I'm telling you try life, try life
You neva know
I want you to know...
