

In My Mind

BNXN

Hmm, ohh

I admit, maybe we should have taken it gently
You take it to the limit, you dare me baby
Don't tempt me, baby, don't tempt me
I forfeit, attention the other girls give me
I just got a little bit lucky
You could have killed me, could have destroyed me

'Cause in my mind
I'm Superman and you're Lois Lane
Girl tell me that you feel the same
Take away all my pain
I won't feel ashamed
In your mind, you're only here cause I got fame
And all you do is drag my name
Try to put it all to shame, and it's such a shame
In my mind
I'm Superman and you're Lois Lane
Girl tell me that you feel the same
Take away all my pain
I won't feel ashamed
In your mind, you're only here cause I got fame
And all you do is drag my name
Try to put it all to shame, and it's such a shame

Like I dodged a bullet
One could have thought you're a goddess, you're just Anubis
Here's who you remind me of, remember Judas
You never cared bout the love, I wish I knew this
E ro pe mo kere, gbo gbo werey ton she
Ko tele e wale, anytime I'm outside
O ma gbe 'eyan wale, how many unknown guys
To ti gbe won wale, tell me

'Cause in my mind
I'm Superman and you're Lois Lane
Girl tell me that you feel the same
Take away all my pain
I won't feel ashamed
In your mind, you're only here cause I got fame
And all you do is drag my name
Try to put it all to shame, and it's such a shame
In my mind
I'm Superman and you're Lois Lane
Girl tell me that you feel the same
Take away all my pain
I won't feel ashamed
In your mind, you're only here cause I got fame
And all you do is drag my name
Try to put it all to shame, and it's such a shame

Try to put it all to shame, and it's such a shame
