If I never make am, it's impossible  
Ero mi ton jo, ton jo lori omi  
Wait till it unfolds, unfolds glory for me  
Feels like an old soul, with some new melodies

You know say na studio I dey  
In a way I dey find solace, I'm in a race  
Many people dey my lane, them no fit to tie my shoelace  
Maximum pace, I no fit hate on a man if he didn't do nothing to me  
I'm finding my way, if they try coming for me  
On their mind and e go dey, hmm  
You see this life, I wan chop this life  
In these trying times, I just want some vibe  
What's really mine, what's really mine  
Make e no pass me by, make e no pass me by  
You see this life, I gats chop this life  
In these trying times, I just want some vibe  
What's really mine, what's really mine  
It won't pass me by, it won't pass me by

Emi, laye mi o  
Nkan to da laye mi o  
Mo fe sa le mi o  
Ooh, laye mi  
Emi, laye mi o  
I no fit sleep, I'm working o  
If I never make am, it's impossible  
Ero mi ton jo, ton jo lori omi  
Wait till it unfolds, unfolds glory for me  
Feels like an old soul, with some new melodies

Pushing the limits  
Baby, I'm pushing the best  
And I can not rush greatness, cause I listen to Cench'  
And my emotions in the pen, I don't think they will understand  
The type of person that I am, the type fo person that I am
