Hey Benson, get up men  
We gotta go men we're all outside  
Hey Benson, come on wake the fuck up  
We gotta go, it's time

Tell them make dem leave am for me  
Emi lo kan  
Emi lo mọ bo ẹ n lọ and bo ẹ m bọ  
When I no get money  
I still had love  
From all the ones that I knew from way before  
Even as the day goes  
See when I dey on solo and my friends dem no know  
E still no mean cause my life  
Na my life and I have to survive  
Even when the fame goes and when money no dey o  
And my fans dem no know  
Tell me if you be my guy  
You go ride, by my side, it's for life

Pardon me, pardon me  
Way before they start to offer apology  
We can all see all the fucking hypocrisy  
You criticize when you just wanna be like me  
But ko to sun ko to ji, man I'm still on the run  
E no be fun I know my money dey come  
And I keep believe in God that his will be done  
Word to my mum, I know she proud of her son

When I tell you make you leave am for me  
Emi lo kan  
Emi lo mọ bo ẹ n lọ and bo ẹ m bọ  
When I no get money  
I still had love  
From all the ones that I knew from way before  
Even as the day goes  
See when I dey on solo and my friends dem no know  
E still no mean cause my life  
Na my life and I have to survive  
Even when the fame goes  
So when money no dey o and the fans dem no know  
Tell me if you be my guy  
You go ride, by my side, it's for life

Leave am for me e e e e e
