I just duppy two shows, killed that on the same night  
The same night I was thinking 'bout date nights  
With shawty and you know it's her favorite  
Her fine face and her body on skin tight  
Skin tight so you know it all fits right  
Man this year I was giving them fist fights  
Fighting all my demons at midnight  
While blowing bare gas through my windpipe  
I told 'em not to sleep on my shit, right?  
Now I'm at the 02 past midnight  
I'm playing two nights and I'm outside  
Feels right and you know it all feels right

(Don't sleep on me)  
I told them not to sleep on me  
(You wan see me)  
I tell them you go see something

(You go pay money o)  
You wan see me you go pay money

(Don't sleep on me)  
I told them not to sleep on me  
(You wan see me)  
I tell them you go see something  
(You go pay money o)  
You wan see me you go pay money

Emi mimo o, emi mimo o  
E jor e jor o  
Make I no go fall o  
I too pray o

Emi mimo o  
I've been working hard o  
Make I no go fall o  
I too pray o

Emi mimo o  
E jor e jor o  
Make I no go fall o  
I too pray o

Emi mimo o  
Iwo ni kin ma danwo  
Make I no go fall o  
I too pray o

(Don't sleep on me)  
(You wan see me)  
(You go pay money o)  
I too pray o

Make I no go fall o  
I too pray o
