

Regret

BNXN

See I apologize
I didn't do you right, on that very night
And so many times I soliloquize
Don't know if you know what I'm tryna hide, tryna hide
Oh yeah she was kinda fine
But could not compare to your kind of fine
I was off the liquor and I wouldn't lie
I just saw a green light to be satisfied, so no lies

Girl I regret, I don't repent
I can't blame it on no serpent
I take my L and I regret but still not in my defense
I regret, I don't repent
I can't blame it on no serpent
I take my L and I regret but still not in my defense

Me I no wan involve myself again (Again)
Cause nobody dey feel my pain (My pain)
It's like I've been crying under the rain
Again, again
Me I no want involve myself again
Cause nobody dey feeling my pain
It's like I've been crying under the rain again, again

Ocho onyegri achonumgheno
Ochachokocho dun ye d'onyegri onochonumgheno
Aya runu cla unuh chonumgheno
Aya runu cla unuh chonumgheno
Ahead ahead na so, no debating
I wan start afresh clean slating
All the things wey we talk before
All the thing wey we do before
Let's leave it in the past life, achonumgheno
I don't want to dwell up in the past anymore
I don't wanna go cause I don't live there no more
Aya runu cla unuh chonumgheno
This place I wan go
So bright and amazing
Come make we go there clear conscience
No baggages
Mistakes we made was young and restless, misbehaving, rearranging, seasons change but

Girl I regret, I don't repent

I take my L and I regret but still not in my defense
