

# Neurodeliri

**Bulldozer**

Three mental insanes, not screaming for fear  
Created a new band "Neurodeliri"  
Totally ignored, played for themselves  
The fate will deny them fame

Filled by desperation  
Another fallen angel's suicide

[Chorus:]  
NEURODELIRI  
NEURODELIRI

The had no friends, refused by the girls  
They had to live alone, going adrift  
Unlucky jailbirds, they couldn't escape  
And spent all their money for playing

Persecuted by misfortune  
Sad but proud till the end

[Chorus:]  
NEURODELIRI  
NEURODELIRI

Nobody knows the song they recorded  
Nobody felt their madness  
Today is too late, the leader has left  
This meaningless world forever

Filled by desperation  
Sad but proud till the end
