

Paralysed

Bullet For My Valentine

It's running deep
Burning underneath the surface
It runs deep, burning underneath the surface
It's like a river of hate flowing through my veins
I can feel the decay
I need strength 'cause I think it's gonna kill me
Break me, hurt me, no one's gonna save me
It's like an army of fear bleeding in my brain
Now nothing remains

I don't wanna fade away
I'm not gonna feel betrayed
Open your eyes so you can see
What you've done to me

You make me feel like I'm paralysed
You rip the breath and life out of me
So I'll just close my eyes (Close my eyes)
Escape into the night
You make me feel like I'm paralysed (Paralysed)

There's no way out
And I'm choking on the panic
Beat down and choking on the panic
I feel the pressure of hands wrapped around my neck
Suffocating again
I need hope 'cause I'm running out of patience
Break me, kill me, who the fuck will save me?
Feeling demons run wild, spinning in my head
Pushed over the edge

I don't wanna fade away
I'm not gonna feel betrayed
Open your eyes so you can see
What you've done to me

You make me feel like I'm paralysed
You rip the breath and life out of me
So I'll just close my eyes (Close my eyes)
Escape into the night
You make me feel like I'm paralysed (Paralysed)

You ripped the breath
Took my life from me
Now I'm paralysed
I'm paralysed

I don't wanna fade away
I'm not, not gonna be betrayed
Look what you've done to me

You make me feel like I'm paralysed
You rip the breath and life out of me
So I'll just close my eyes (Close my eyes)
Escape into the night
You make me feel like I'm paralysed (Paralysed)

You make me feel like I'm paralysed (I'm paralysed)
You make me feel like I'm paralysed (I'm paralysed)
So I'll just close my eyes (Close my eyes)
Escape into the night
You make me feel like I'm paralysed (Paralysed)

I'm paralysed
I'm paralysed
