All Fired Up

Bullet

Once again we ravage its leads
Down to get it on, letters of steam
You made a point
You made it head over heels

That's right
They're right on top of you, don't know how it feels
We're ready
We're going steady

All fired up
All fired up and we're ready to go
All fired up
All fired up and we're ready to go

Let it loose, based out of loose
Rock 'n' roll city
You bang your head and you wait all day
Rock 'n' roll city

We may be crazy but we're not out of form
No way
We keep on going til we're fried on the floor
We're ready
We're going steady

All fired up
All fired up and we're ready to go
All fired up
All fired up and we're ready to go

We're gonna ride to the morning too
Shock 'em all
We shake the city when we're passing through
We're ready
We're going steady

All fired up (come on)
All fired up (what got wrong?)
All fired up (yea)
All fired up and we're ready to go

All fired up
All fired up
All fired up
All fired up and we're ready to go

All fired up
All fired up and we're ready to go
All fired up
All fired up
All fired up
All fired up
All fired up
All fired up
All fired up..
